LA SALLE COLLEGE

HISTORY OF THE COLLEGE

In 1863, the late Right Reverend James Frederick Wood, D.D., then Bishop of Philadelphia, in conjunction with a committee consisting of Brothers of the Christian Schools, Reverend Clergy, and laymen obtained from the State of Pennsylvania a charter incorporating La Salle College in Philadelphia.*

Their aim was to supply within the limits of Philadelphia the service of a College for higher Catholic education.

The nucleus of La Salle College had already been formed in September, 1862, as the Christian Brothers' Academy attached to St. Michael's Parochial School, at 1419 North Second Street. When the number of students became too large for the accommodations afforded by the building on Second Street, the property at the northeast corner of Filbert and Juniper Streets, where the *Philadelphia Bulletin* now stands, was purchased. For nearly twenty years it remained thus centrally located and was a landmark in the Penn Square section until increasing enrollment forced its faculty to seek larger quarters. In September, 1886, it removed to the Bouvier Mansion at the northwest corner of Broad and Stiles Streets.

Increasing numbers again, as well as the demands of modern education, required another removal to a larger site, and in June, 1926, a tract of land at Twentieth Street and Olney Avenue was purchased for the erection of buildings which would meet these requirements. The College and Faculty Buildings were completed in June, 1929, and were occupied in September. Ground was broken for the College Gymnasium and the Preparatory School in May, 1929. These latter buildings were ready for use during the first semester of the school year 1929-1930.

During the summer of 1937 the East and West stands of the McCarthy Stadium were erected providing seating accommodations for nearly ten thousand spectators. In 1938 the adjoining ten acres, east of the College, were purchased. The erection of the Stadium, as well as the purchase of the additional property was due, to a great extent, to the inspiration, business ability, and generosity of John A. McCarthy, K.C.S.G., and many loyal Alumni and friends whose names will never be forgotten as long as there is a La Salle College.

* An act to incorporate La Salle College in the City of Philadelphia, Pa., approved March 20, 1863.

LA SALLE COLLEGE

ENTRANCE REQUIREMENTS

Students who have completed the course of studies of any senior high school approved by the State Department of Public Instruction of Pennsylvania are eligible for matriculation at La Salle College. Students who rank in the first or second quintile of the graduating class are admitted without examination; all others must take entrance examinations in those subjects in which their high school marks are not of a certifying grade.

Courses Leading to the Degree of Bachelor of Arts

A candidate for any of the courses leading to the degree of Bachelor of Arts must have fifteen high school units distributed as follows:

English	3 units (four years)
American History	1 unit
Algebra (Quadratics included)	1 unit
Plane Geometry	1 unit
Language*	2 units

Seven additional units will be accepted from the following:

Latin, History, French, Mathematics, Spanish, Economics, German, Sociology, Physics, Problems in Democracy, Civics, Chemistry, Biology, Physiology & Hygiene and General Science.

Courses Leading to the Degree of Bachelor of Science

A candidate for the degree of Bachelor of Science must have fifteen high school units distributed as follows:

English	3 units (four years)
American History	1 unit
Mathematics	1 unit
Language*	2 units

Eight additional units will be accepted from the general list of requirements for the Bachelor of Arts degree.

*In foreign languages two units of the same language are required.

LA SALLE COLLEGE

Students entering for the courses in Business Administration, who offer Business Law, Bookkeeping, Drawing and most commercial subjects, may receive credit but not for Typewriting, Penmanship or Physical Education.

Prospective students should file their applications early. Application blanks may be had by applying to the Registrar.

Transcripts of high school records should be mailed as soon as possible by the high school Principal to the Committee on Admissions. Forms for this purpose are furnished on application to the Registrar.

ADVANCED STANDING

Credits from other colleges are accepted towards advanced standing in courses having a certifying grade, provided such courses are listed in the La Salle College catalogue. Such entrants shall be required to make up the prescribed subjects of study in the course which they choose to pursue. A complete record of the subjects studied must be mailed by the proper college officer to the Committee on Admissions before any action on the status of the student will be taken.

REQUIREMENTS FOR THE DEGREE OF BACHELOR OF ARTS

La Salle College offers several courses leading to the degree of Bachelor of Arts. These courses meet the needs of those desiring a liberal education and prepare for the professions of law, medicine, dentistry, teaching, journalism and pure science.

Summary of Requirements for the Bachelor or Arts degree:

1. Quantitative requirement; 128 semester hours plus sixteen semester hours in Ethics.
2. Qualitative requirement; 128 quality points plus sixteen quality points in Ethics.
3. A senior thesis approved by the Faculty.
5. A majority vote of the Faculty given after an oral examination held in May of the Senior year.

LA SALLE COLLEGE

REQUIREMENTS FOR THE DEGREE OF BACHELOR OF SCIENCE

The College offers in the School of Business Administration two courses leading to the degree of Bachelor of Science:

1. Bachelor of Science in Business Administration.
2. Bachelor of Science in Accounting.

The Quantitative and Qualitative requirements for the degree of Bachelor of Science are the same as for the degree of Bachelor of Arts.

TEACHER PLACEMENT SERVICE

The Appointment Bureau of the College co-operates with the Placement Service, Teacher Bureau of the Department of Public Instruction, Harrisburg, and offers additional facilities for the placement of graduates of the College.

GENERAL REGULATIONS

REGISTRATION FOR COURSES

1. No student will be admitted to any class until he has registered at the Registrar's office and received his card of admittance. This must be presented at every class upon the request of the teacher.
2. A student will not be allowed to change from one course to another after the second week of the scholastic year.
3. Registration for the scholastic year 1939-1940 must be made by October 9, 1939. For the second semester registration must be completed by February 9, 1940.
4. If at the end of the year, a student wishes to change from one course to another, he may do so only with the approval of the Committee on Standing and of the Dean of the College. The request, with reasons therefore must be made in writing to the Dean. Any necessary subjects which the student may lack for the new course must be made up.
5. Students who wish to change or drop subjects in a course may do so only with the written permission of the Committee on Standing and of the Dean. Such arrangements

LA SALLE COLLEGE

may be made during the first two weeks of each semester. The student making such a request should realize he may lose some credits already earned or may be required to substitute other subjects. If he has failed in the subject he must repeat it.

6. A student is required to complete the introductory and preliminary courses of a Department before being admitted to the advanced courses of that Department.
7. Students may not register for more than twenty semester hours of credit work without the permission of the Committee on Standing and of the Dean.
8. No one is to register as a "Special Student" without the written permission of the head of the department and of the Dean. He will receive no scholastic credit.

EXAMINATIONS, GRADES, CREDITS

9. Semester examinations for credit are held at the end of January and at the end of May. Mid-Semester tests are made at the end of November and at the end of March.
10. The college uses the Quality Point Grading system. In this system the first six letters of the alphabet serve as the grades and are evaluated by points according to the following scale:
A—Superior—93-100—3 quality points for each credit hour.
B—High—84-92—2 quality points for each credit hour.
C—Average—77-83—1 quality point for each credit hour,
D—Barely Passing—70-76—0 quality points.
E—Condition.
F—Failure.
11. A credit or semester hour is defined as one hour of lecture or two hours of laboratory work a week for one semester.
12. Students who are conditioned in any subject may take a condition examination at the time indicated in the calendar.
13. If the student passes the condition examination he shall be given the grade of "D". If he fails in the condition examination or does not take it at the appointed time he shall be rated a failure in that subject and shall be required to re-

LA SALLE COLLEGE

peat the subject. In no case may a student be given a second condition examination for the one failure.

14. A bulletin, based on the class work and the examinations, is sent to parents or guardians at the *end of each semester*.
15. No reports, diplomas, certificates or other scholastic information will be given to the student whose financial account with the college has not been settled in full.

ATTENDANCE

16. The school year of the College consists of thirty-six weeks. The semester consists of eighteen weeks and is the unit of credit. A class period of instruction is fifty minutes.
17. Classes begin at 8.30 A. M.
18. If in any one semester the number of the absences in any subject exceeds twice the number of credit hours in that subject, the student may not return to that class. For instance, if the number of credit hours is three, a student must discontinue the course when he has seven absences without legitimate reason. In sciences requiring laboratory work the number of credit hours for lecture and laboratory are considered separately. If, for good reason, the Dean and the Professor concerned permit his continuance, he shall not be rated higher than "D" in the subject for that term.
19. Classes missed by a student at the beginning of a semester count against him in the same manner as other absences.

RATING

20. A student will be considered as a member of the lowest class of which he has not fully satisfied the requirements.
21. Freshmen are required to take two hours a week for a year in physical education at the College unless excused by a medical doctor. A student who neglects this course will be rated as a freshman.

MISCELLANEOUS

22. If a student withdraws from the College during the scholastic year he should notify the Registrar.

LA SALLE COLLEGE

23. Students should report promptly to the office of the Registrar and that of the Bursar any change of address on his own part or that of his parents or guardian.
24. A course will not be offered unless the number of applicants is sufficient to warrant the interest and effort involved.

FINANCIAL REGULATIONS

Tuition—Payments for each half-year must be made during registration week. Registration is not complete until the Bursar's receipt is obtained for an approved schedule of studies. No refund will be made except in the case of protracted illness.

Scholarships—Books, fees and other items are not included in any scholarship.

Class Requisites—Books, stationery and other class requisites must be paid for when the purchase is made at the book store of the College.

Student Property—The College will not be responsible for books and other property belonging to the student while in his keeping nor for any such property left at the College.

Departments

LA SALLE COLLEGE

ACCOUNTING

WILLIAM E. HOWE, B.A., C.P.A.

JOSEPH J. SPRISLER, B.S.

101. *Introduction to Accounting*.—This course is intended not only for students in accountancy, but also for those intending to study business in general and those preparing for the study of Law. It is designed to give the student a thorough training in the fundamental principles and practice of recording business transactions; presenting and interpreting the financial facts of a business which includes sole proprietorship, partnership and corporations. The topics considered are:—The Balance Sheet, Statement of Profit and Loss; Books of Original Entry; Trial Balance; Adjustments, Prepayments, Accruals, Depreciation, Bad Debts; Closing the Books, Columnar Books; Control Accounts; Voucher System; Partnerships; Corporations. In the Second Semester the course is supplemented by a laboratory period, at which time the student has an opportunity to work, with the aid of the instructor, on problems of increasing complexity.

(3 hours, first semester; 2 hours lecture and 2 hours laboratory, second semester.)

202. *Advanced Accounting*.—This course is a continuation of Accounting 1, and takes up the application of accounting principles in detail. Proper accounting interpretation of many business situations requires special attention to matters of Law and Business Practice which are beyond the field of an elementary course in accounting. Capital and Revenue; All forms of Working Papers; A thorough analysis of Corporation Accounting, as to Stock Issues, Capital and Net Worth; Special treatment of Cash and the other Current Assets, also the Current Liabilities; Inventories, as to Kinds and Price; Consignments; Installments; Valuation of Fixed Assets; Advantages and Disadvantages of Fixed Liabilities; Funds and Reserves; Comparative Statements; Analysis of Working Capital; Profit and Loss Analysis and the Application of Funds; the mathematics of investment.

(2 hours lecture; 2 hours laboratory, 2 semesters.)

LA SALLE COLLEGE

303. *Cost Accounting*.—Discussion of the necessity, importance and place of cost accounting in modern enterprises; the control of stores; purchasing and issuing, the running inventory; quality, remuneration, and control of labor, methods of distributing overhead expenses or "burden" and their limitations; calculation of machine-rates; waste and leakage in factories; idle time; forms used in different "job and process" costing systems; budget control; the installation and operation of systems of standard costs. Prerequisites, Accounting 101, 202.

(2 hours lecture, 2 hours laboratory, 2 semesters.)

304. *Auditing*.—Underlying principles. The duties and liabilities of accountants and auditors; qualifications and the canons of professional ethics. Practical instruction as to the purpose and conduct of the audit; detection of fraud and defalcations; discussion of methods of internal check and the detection of fraud. Considerations applicable to all undertakings, and special considerations applicable to particular concerns. A part of the course is devoted to the accounting principles involved in the preparation of income tax returns for individuals, partnerships, and corporations. Prerequisites, Accounting 101, 202.

(2 hours lecture, 2 hours laboratory, 2 semesters.)

405. *Practical Accounting Systems*.—Application of principles to accounting systems of various types of businesses; building and loan associations; insurance companies; banks; department stores, public utilities, and railroads; the principles underlying revenue and expense and fund systems of accounts as applied to the records of municipalities. Lectures and laboratory work supplemented by practical problems. Prerequisites, Accounting 101, 202.

(2 hours lecture, 2 hours laboratory, 2 semesters.)

LA SALLE COLLEGE

406. *Certified Public Accountant Course*.—Mergers; consolidated statements and balance sheets; holding corporations; partnership adjustments; accounts of executors and trustees and law involved; insolvency in connection with realization and liquidation. Problems given in recent State Board examinations, as well as those sets presented by the Board of Examiners of the American Institute of Accountants. Prerequisite, senior rating.
(2 hours lecture, 2 hours laboratory, 2 semesters.)

LA SALLE COLLEGE

BIOLOGY

ROLAND HOLROYD, PH.D.

BROTHER G. ALPHONSUS, F.S.C., M.S.

101. *General Botany*.—An introductory course including:
- (a) A study of the form, structure and life processes of flowering plants.
 - (b) Life-history studies in types of plant life: bacteria, algae, fungi, liverworts, mosses, ferns, cycads, conifers and the leading groups of angiosperms. Laboratory work is supplemented by plant analysis.
(2 hours lecture, 2 hours laboratory, 2 semesters.)
102. *General zoology*.—An introductory course dealing with the characteristics of living matter, cell structure, the comparative anatomy of leading phyla of animals, problems of heredity, etc., together with a review of significant animal types from the protozoa to the mammal.
(2 hours lecture, 2 hours laboratory, 2 semesters.)
117. *General Biology*.—An introduction to the structure and metabolism of both the flowering plants and vertebrate animals. A survey of the plant and animal kingdoms. The laws of heredity as illustrated by plant and animal breeding. The history of biological thought.
(3 hours lecture and recitation,
2 hours laboratory, 2 semesters)
118. *Systematic Biology*.—A study of the phylogenetic development of plants and animals. Representative types of animals and plants are studied from the protozoa to the vertebrates and from the bacteria to the angiosperms. This course is the equivalent of and is taken in conjunction with the second semesters of Biology 101 and 102. Prerequisite, Biology 117.
(2 hours lecture, 2 hours laboratory, 2 semesters)
204. *Comparative Anatomy*.—A phylogenetic course embracing a comparative study of typical chordates from Amphioxus to the Aves. Prerequisite, Biology 102.
(2 hours lecture, 4 hours laboratory, 1 semester.)

LA SALLE COLLEGE

303. *Mammalian Anatomy*.—The cat is used as a type of the higher mammal to familiarize the student with skeletal, muscular, vascular and nervous relationships together with their physiological interpretation. Prerequisite, Biology 102.

(1 hour lecture, 4 hours laboratory, 1 semester.)

405. *Histology*.—The course is designed to acquaint the student with the minute structure of various tissues together with their relationships in the formation of organs. Prerequisites, Biology 303 and 411. For Juniors and Seniors only.

(2 hours lecture, 4 hours laboratory, 1 semester.)

406. *Embryology*.—The fundamental processes underlying vertebrate development and differentiation are studied. The chick and pig form the basis of instruction. Prerequisites, Biology 405 and 411. For Seniors only.

(1 hour lecture, 2 hours laboratory, 1 semester.)

407. *Bacteriology, An Introductory Course*.—A lecture-demonstration course concerned with the role of bacteria in nature and especially in human affairs. Prerequisite, Biology 101.

(2 hours lecture and demonstration, 1 semester.)

411. *Biological Micro-Technique*.—Methods employed in the preparation of plant and animal tissues for microscopical study. Prerequisite, Biology 303.

(1 hour lecture, 2 hours laboratory, 1 semester.)

412. *Organic Evolution and Genetics*.—A lecture course outlining briefly the history of the development of evolutionary thought and presenting the evidence for organic evolution together with the leading theories which have been advanced; the scope and method of genetics

LA SALLE COLLÈGE

or modern experimental evolution; Mendel's law of heredity as applied to plants and animals. Prerequisite, Biology 101 or 102. (2 hours lecture, 1 semester.)

421. *History of Biology*.—The early philosophical beginnings of the science and its subsequent development; the principal epochs; the rise of the "research method" and the present day fields of active biological investigation. Prerequisites, Senior standing and permission to register. (2 hours lecture or seminar, 1 semester.)

Seminar.—A seminar is conducted from time to time throughout the year to further the work of the department. All students in the biology courses are expected to participate.

LA SALLE COLLEGE

BUSINESS LAW

JOSEPH J. SPRISLER, B.S.

NORMAN P. HARVEY, B.A., LL.B.

101. *Law of Contracts*.—The course deals with the elementary principles of law governing business transactions. The year's work is devoted to the study of Contracts and the Laws of Agency. Under Contracts, the formation of the contractual relation, operation, interpretation, and discharge. Under Agency, the formation, rights and duties of both the agent and principal, effect upon third parties, and termination.

(3 hours, 2 semesters.)

202. *The Law of Business Association*.—This course includes the subjects of partnership and corporations. The law of partnership involves a study of the formation of a partnership; duties, rights, and authority of partners; liability of partners; dissolution of partnerships. The law of corporations includes, with special emphasis on the Business Corporation Code of Pennsylvania, creating corporations; corporate powers; membership; management; termination.

(2 hours, 2 semesters.)

303. *Personal and Real Property*.—Definition and classification of property. Acquisition and control of personal property. Bailments with particular reference to common carriers, innkeepers, and factors and warehousemen. The Uniform Sales Act. Acquisition and transfer of real property. Quantum of estates. Conveyancing, Mortgages. Landlord and Tenant.

(2 hours, 2 semesters.)

401. *Crimes—Decedents' Estates—Negotiable Instruments*.—The criminal law in general with particular reference to offenses against business relations and transactions. Management of Decedents' Estates. The Intestate Law. The Wills Act. The Uniform Negotiable Instruments Law.

(2 hours, 2 semesters.)

LA SALLE COLLEGE

CHEMISTRY

BROTHER E. CHARLES, F.S.C., M.A., D.Sc.

WILLIAM S. WRIGHT McCARTER, M.S.

101a. *General Inorganic Chemistry*.—First semester. The fundamental concepts, laws, and theories of chemistry are presented, and the quantitative aspects are emphasized by suitable calculations. Some of the non-metallic elements and their compounds are studied. Suitable experiments to illustrate the lecture topics are performed in the laboratory.

(3 hours lecture and recitation, 2 hours laboratory.)

101b. *General Inorganic Chemistry*.—Second semester. This course is a continuation of Chemistry 101a. The study of the non-metallic elements is completed. Theoretical topics, such as chemical equilibrium, electrolytic dissociation, and the colloidal state, are considered. This course is concluded with a survey of the chemistry of the metals and their compounds. Prerequisite: Chemistry 101a.

(3 hours lecture and recitation, 2 hours laboratory.)

202. *Qualitative Analysis*.—The principles and theories of chemistry are applied to the detection and separation of the common metallic and non-metallic ions. In the laboratory, unknown substances and mixtures are analyzed for their constituent ions. Prerequisite, Chemistry 101.

(1 hour lecture, 6 hours laboratory, 1 semester.)

204. *Quantitative Analysis*.—Second semester. Gravimetric and volumetric methods of analysis are studied. In the classroom, the theory and calculations of quantitative analysis are discussed. Prerequisite: Chemistry 202.

(2 hours lecture, 4 hours laboratory.)

303. *Organic Chemistry*.—The principles of chemistry are extended and applied to the study of carbon compounds, including both aliphatic and aromatic derivatives. In

LA SALLE COLLEGE

the laboratory, typical organic compounds are prepared and studied. Prerequisite, Chemistry 204.

(2 hours lecture, 4 hours laboratory, 2 semesters.)

405. *Physiological Chemistry*.—The study of the composition, reactions and products of living material together with a discussion of the carbohydrates, fats and proteins. In the laboratory, food-stuffs, blood, urine and digestive juices are studied and analyzed. Prerequisite, Chemistry 303.

(2 hours lecture, 4 hours laboratory, 1 semester.)

406. *Physical Chemistry*.—The elementary theoretical principles applicable to all branches of chemistry are studied and illustrated, principally through the solution of numerous problems. Laboratory experiments to illustrate these principles are performed. Prerequisite, Chemistry 303.

(2 hours lecture, 4 hours laboratory, 1 semester.)

407. *Chemical History and Literature*.—Researches into the sources of information important to chemists and scientists in general. Numerous articles in chemical journals both American and foreign, are to be read and reported on, in the form of essays.

(2 hours, 1 semester.)

408. *Advanced Quantitative Analysis*.—The principles of physical chemistry, as applied to the theory of quantitative analysis are presented. The laboratory work includes the calibration of apparatus, mineral analysis, and special methods of quantitative analysis, such as electrodeposition, conductimetric and potentiometric titrations, and colorimetric analysis.

(hours to be arranged.)

409. *Advanced Organic Chemistry*.—A comprehensive consideration of the general and specific methods of organic syntheses, together with the theoretical consideration of the structure and reactions of organic compounds.

(Hours to be arranged.)

LA SALLE COLLEGE

ECONOMICS

JOSEPH F. FLUBACHER, M.A.

211. *Principles of Economics*.—A general introductory course designed to acquaint the student with fundamental economic principles and processes as they appear in such phenomena as production, exchange, value, distribution, consumption and public finance. Reports, readings, discussions and lectures.

(3 hours, 2 semesters.)

312. *Economic Problems*.—Current economic problems of national life are analyzed and discussed in class. Typical problems are those of business organizations and markets, money and banking, trusts, railroads, international trade and tariff, taxation, labor problems, government ownership, economic planning. Reports, readings, discussions. Prerequisite, Economics 211.

(2 hours, 2 semesters.)

317. *Industrial Relations and Labor Problems in America*.—Social and economic factors in industrial relations. Insecurity, inadequate income, work, sub-standard workers and industrial conflict. Labor unions are studied. Existing and proposed legislation and remedies are examined in detail. Emphasis is placed on the problem of unemployment. Reports, readings and class discussion.

(2 hours, 2 semesters.)

415a. *History of Economic Thought*.—A detailed study of the development of the leading economic concepts. The contributions of the early philosophers, the Middle Ages, the Mercantilists, the Classicists and the Neo-Classicists are considered.

(2 hours, 1 semester.)

LA SALLE COLLEGE

- 415b. *Contemporary Economic Movements*.—A continuation of Economics 415a. Socialism, both Utopian and Scientific, is treated. A study of Communism is next made, followed by Fascism, its policies and effects. The economic and social effects of the Nazi Dictatorship; the social philosophy of Pope Leo XIII, and Pope Pius XI.
(2 hours, 1 semester.)

LA SALLE COLLEGE

EDUCATION

BROTHER E. FELIX, F.S.C., PH.D.

217. *Introduction to Education*.—A brief presentation of the development, meaning, scientific basis, methods and the fundamental problems of instruction.

(3 hours, 1 semester.)

303. *Educational Psychology*.—A practical course applying the principles of psychology to educational methods. The acquisition of study habits are investigated. Problems concerning learning, individual capacities and differences, and the transfer of training are studied. The value of interest, attention and memory are discussed. General psychology is a prerequisite.

(3 hours, 1 semester.)

305. *Special Methods*.—This course investigates methods suitable to various courses of instruction. The aim of the course is to qualify prospective teachers to specialize in their chosen fields.

(3 hours, 1 semester.)

THE LEAGUE OF THE SACRED HEART

The Apostleship of Prayer and the League of the Sacred Heart have been established to foster a tender love for our Divine Lord in the Most Blessed Sacrament, and a practical devotion to His Sacred Heart. Confessions are heard on the first Thursday of each month. On the First Friday, Holy Mass is celebrated at which the students receive Holy Communion.

Faculty Moderator—Brother E. Felix.

THE LEAGUE OF ST. JOSEPH

The League of St. Joseph, otherwise known as the Union of St. Joseph, has for aim the cultivation of devotion to St. Joseph, the recognition of him as special patron and protector of students, and his intercession for the grace of final perseverance for the dying.

Every Wednesday a novena Mass in honor of St. Joseph is offered, Holy Communion received and Benediction given in gratitude for favors received, for success in one's undertakings, for the realization of one's vocation and for the grace of a happy death. Assembly is held on Friday when students are exercised in religious and social evidence work.

Faculty Moderator.—Brother E. Alfred.

SAINT LA SALLE AUXILIARY

This society has been founded not only to secure worthy young men as candidates for the Christian Brothers' Novitiate, at Ammendale, Md., but also to raise funds for the support of the young Brothers during their Novitiate, and while pursuing their studies at the Catholic University of America.

Membership is not confined to the student-body. The roster of names includes numerous supporters throughout the Archdiocese. The various privileges obtained through membership in the Auxiliary include a plenary indulgence at the hour of death! participation in numerous Masses and plenary indulgences applicable to the living and the dead.

"THE LA SALLE COLLEGIAN"

THE LA SALLE COLLEGIAN represents the results of undergraduate activity in journalism. The publication is issued bi-weekly by the students of the College, and offers not only an opportunity for the practical application of various forms of English composition, but also records the academic, social and athletic events of the year in historical sequence. The paper enjoys a high standing among similar student publications.

LA SALLE COLLEGE

FORMS OF BEQUEST

In the hope that friends of Education may remember the needs of the College, we append the following forms of bequest.

ABSOLUTE BEQUEST

I give, devise and bequeast to La Salle College in the City of Philadelphia, incorporated under an act of the Legislature of Pennsylvania, approved March 20, 1863, and its successors forever the sum of dollars (or otherwise describe the gift) for its general corporate purposes (or name a particular purpose).

BEQUEST TO THE COLLEGE AS TRUSTEE FOR ITSELF

I give, devise and bequeath to La Salle College in the city of Philadelphia, incorporated under an act of the Legislature of Pennsylvania, approved March 20, 1863, and its successors forever the sum of dollars (or otherwise describe the gift) in trust, nevertheless to be held as an endowment. If desired, add: in memory of by whose name the fund shall be known and administered as a charitable trust (if real estate that may be sold, add: to sell) to invest and keep the same invested, to collect and apply the income arising therefrom to its own purpose for its general corporate purposes (or name a particular purpose).

NOTE

The proceeds of life insurance policies payable at death to the estate of the insured may be given or bequeathed to the College or in trust for its use under either of the preceding forms substantially in the same manner as other property.
